

A winter night scene with a snow-covered house and a lit Christmas tree. The house has warm yellow lights glowing from its windows and doors. A string of white lights is draped along the roofline. To the right, a large evergreen tree is decorated with colorful lights (yellow, green, purple) and a bright yellow star on top. The sky is dark blue with scattered white stars and snowflakes. Three large white circles, resembling Christmas ornaments, are suspended in the sky, each containing a holiday greeting in a different language.
